CAREER OBJECTIVE

- A dedicated and detail-oriented B.Tech student pursuing Computer Science and Engineering (Data Science) with strong communication and analytical skills, aiming to apply technical knowledge, problem-solving abilities, and data-driven thinking to support organizational growth while continuously enhancing professional and career development.

EDUCATION

- | | |
|---|-------------------------------|
| • MVSR Engineering College, Nadergul, Hyderabad
<i>B.E Computer Science and Engineering(Data Science) (pursuing)</i> | 2023-2027
CGPA: 8.1 |
| • Balapur, Chaitanya Junior College, Hyderabad
<i>Telangana Board Of Intermediate(TSBIE)</i> | 2021-2023
Percentage: 68.3 |
| • Zilla Parishad High School, Badangpet
<i>Secondary School
Certificate (SSC)</i> | 2020-2021
GPA: 10.0 |

TECHNICAL SKILLS

Tools: Microsoft Power BI, Tableau, MySQL, AutoCAD, Microsoft Excel and Word, Google Workspace (Docs, Sheets),

Soft Skills: Communication Skills, Quick learner, Analytical and Problem-Solving, Adaptability and Time Management, Teamwork and Collaboration, Decision-Making Skills, Self-Motivation.

Programming Languages: C, Python, Java, SQL

VIRTUAL INTERNSHIPS

Data Engineering Virtual Internship – AICTE

Apr 2025 – Jun 2025

Description: Completed a Data Engineering Virtual Internship focused on database management, data processing, and analytics. Gained practical exposure to SQL, Python, ETL processes, data cleaning, and visualization techniques while working on real-world data-related tasks and improving analytical and problem-solving skills.

Tools: SQL, Python, MySQL, Microsoft Power BI, Microsoft Excel

Certificate: [Data Engineering](#)

PROJECT

Smart Agro Crop Recommendation and Price Prediction System

Description: Developed a machine learning-based web application that recommends suitable crops based on soil and weather conditions, predicts future crop prices, and estimates farmer profit. Built a Flask backend with REST APIs and integrated it with a responsive HTML, CSS, and JavaScript frontend for real-time predictions.

Tools & Technologies: Python, Flask, Scikit-learn, Pandas, NumPy, HTML, CSS, JavaScript, VS Code, Git, GitHub, CSV Files.

Project Access: [GitHub](#)

CERTIFICATION

- **Data Science Certification** – Presented by [Infosys](#)
- **Certificate of Achievement (National Level E-Quiz)** – Presented by [Digital Resources and Training Centre](#), New Delhi

DECLARATION

I hereby declare that all the details provided above are true to the best of my knowledge.

Place: Hyderabad
